

Installation Instructions

- Step 1:** Find out the type, location and name of your database file.
- Step 2:** Insert your Project Zip Code CD into your computer's CD-ROM. If the program doesn't automatically load, simply click on your CD-ROM drive and double-click the Launch file to begin the Install process.
- Step 3:** Click on 'User Manual.' You will automatically see Adobe Acrobat start and open your Project Zip Code User Manual. You are then able to print the manual for future reference during installation, etc. The user manual should answer many of your initial questions when installing and using Project Zip Code.
- Step 4:** Follow the instructions in your manual for further installation. If you have any questions, please call the Rhode Island Credit Union League at 1-800-842-1242.
